Blank spaces.

Same as last year - we will no longer automatically insert last year’s information; if sections of the application are left blank, that is exactly what will go into the Directory and on the web site – NOTHING. Some members have inserted the words “Same as last year” on their applications; this is still acceptable if nothing has changed. WE STRONGLY SUGGEST THAT YOU REVIEW YOUR CURRENT LISTING FOR ACCURACY BEFORE USING THIS OPTION.

Do Not Publish

This is a new feature this year. We would like to have an alternate phone number & e-mail address for contacting members after business hours, if necessary, and for sending out the newsletter. If you prefer not to have this information given to the general public, please check the ‘Do Not Publish’ box next to that line.

Due Date & Accuracy.

Completed applications MUST be at the Chamber **no later than December 31** to be included in the web site directory for the full year. Help us to promote your business in the best possible way. Please TYPE or PRINT all information and make sure it is ACCURATE. Again, **we will not be making phone calls to clarify the information provided on the applications.** If something is not legible, **IT WILL NOT BE PRINTED.**
